From 15th September the address will be:

The Education and Training Centre
The Tunbridge Wells Hospital at Pembury
Tonbridge Road
Pembury
Tunbridge Wells
TN2 4QL

CQC Compliance

All dental practices in England must be registered with the Care Quality Commission (CQC) before they can legally operate. The CQC Essential Standards consist of 28 outcomes, 16 of which apply to dentistry. The practices will need to be able to show that the services and care they provide are meeting essential standards of quality and safety, and they are committed to ongoing improvements.

KSS Dental Deanery is committed to an ongoing programme of training to help practices with their compliance, so you we have identified the CQC Outcome that is covered in each Course.

Category Key

=Core; **GI** =General Interest (includes Management & Leadership, Competence & Assessment and Communication domain)
 = Hands On; **T** = Team (suitable for the whole Dental Team); = Clinical domain;
P = Professionalism; **DCP** = only for DCPs

KSS Deanery is offering the following courses within the Kent Surrey and Sussex area for Dental Care Professionals:

- NEBDN Certificate on Oral Health Education-A post registration qualification suitable for registered dental nurses wishing to expand their knowledge on oral health advice.
- NEBDN Certificate in Dental Radiography- A post registration qualification suitable for registered dental nurses, therapist, CDT's and hygienists.
- Impression Taking- Providing both practical and theoretical skills required for registered dental nurses to take impressions.

For further information please register online on our course booking system, DEBS via kssdentaltraining.co.uk/login or contact Tynita Patterson, Dental Team Administration Officer via dentalinfo@kssdeanery.ac.uk
